

Two nonlinear days in Urbino 2024

Aula Magna
Collegio Raffaello
Piazza della Repubblica, 13, Urbino

July 4-5, 2024

This international conference aims to bring together researchers working in the field of partial differential equations and applications from all over the world to present their recent advances. The conference is an opportunity to meet leading specialists in PDEs, to keep updated with the latest developments in this vast field and to deal with important topics and their related advances and perspectives. Participants have the opportunity to discuss with experts in PDEs in the splendid scenery of Urbino, known as the cradle of Mathematical Renaissance. Graduate students and young researchers are particularly encouraged to attend.

Invited Speakers:

Verena Bögelein (Universität Salzburg, Austria)
Daniele Cassani (Università degli Studi dell'Insubria, Italy)
Frank Duzaar (Universität Salzburg, Austria)
Olivier Goubet (Université de Lille, France)
